

Boarding : Preparing your Dog's Food

Your dog will be fed twice a day (am and pm) while boarding at Happy Mailman.

Dry Food: Divide your dog's dry food into 2 meals per day. Place each meal in a small Ziploc baggie labeled with your dog's first and last name. Include enough meals for the duration of your dog's stay. Place all the bags into one large container, preferably plastic.

Canned Food: Create a label for each can stating the dog's first name, last name, and amount of canned food given per meal. Please include any measuring device used to administer your dog's food and label with dog's first and last name.
